CAREER RESEARCH PROJECT

Name of Career:

____________________________________

Name ________________________________

Period ___
JOB RESPONSIBILITIES

List at least five tasks that may be required of you on a day-to-day basis for your chosen career.

In this box, glue a picture of a person in your career performing his/her job.
EDUCATION & TRAINING

List any education or training needed for your chosen career.

SKILLS & PERSONALITY

TRAITS NEEDED

List any skills or personality traits needed to be successful in your chosen career.
WORK ENVIRONMENT

Describe what the work environment is for your chosen career. Will you be working in an office or outdoors? What would a visitor see if they came to visit you at work?

In this box, glue a picture of the work environment.
PAY, BENEFITS & ADVANCEMENT OPPORTUNITIES

List the beginning pay, average pay, and top pay for your chosen career. Are there any benefits offered such as medical, dental, vision, retirement, bonuses, etc? List any jobs that you might be promoted to if you do well in your chosen career.

INTERESTING FACTS

List at least five (5) facts about the career that you find interesting.
TOOLS, EQUIPMENT, & TECHNOLOGY

List at least five (5) tools, pieces of equipment, or technology that is used as you perform your job.

In this box, glue a picture of the tools, equipment, or technology used for this career.
LIKES

List at least five (5) things that you would like about your chosen career.

DISLIKES

List at least five (5) things that you would dislike about your chosen career.
In this box, glue a chart or graph with information about your chosen career.

REFERENCES

List at least three (3) references used for this project.
